Anne O'Neill
Specialty Pet Training

Dear Ms. O'Neill,

On behalf of Second Chance SPCA, I would like to thank you for your generous donation of Dog Kongs. The dogs enjoy the toys this helps calm and keep them happy. With happy dogs come the future of finding them a loving family to belong to.

Second Chance SPCA is a no-kill animal shelter, formed in 2005 to serve the needs of the North Texas area. We rescue those adoptable animals, which have no time left in the city shelters and provide them with food, medical treatment and loving attention while keeping them in foster homes or our shelter until they can be adopted. All of our dogs and cats are spayed or neutered, properly immunized, heartworm or feline leukemia tested and placed on flea and heartworm preventative before being eligible for adoption.

With dedicated efforts in education, pet awareness, training and adoption programs, Second Chance SPCA is committed to bettering the lives of these innocent animals and helping those who adopt them to understand the importance of their role as a pet owner.

Because of your generosity and support, Second Chance can look forward to a bright future and together we can give these innocent dogs and cats a **SECOND CHANCE** on life!

Sincerely,

Rochelle Holman
Treasurer

No goods or services were given in exchange for this gift. Please keep a copy of this letter as your tax receipt for your donation.
